PRESS RELEASE

Tunkhannock Career and Tech Ed students do it again!!!!

This spring four Tunkhannock Area High School Juniors attended five workshops of the Tech Prep Leadership Academy at Luzerne County Community College. The purpose of the Academy was to provide Tech Prep students with a series of sessions teaching high performance workplace skills and to develop leadership traits employers are looking for in employees. Seventeen students from five schools in northeastern Pennsylvania participated in the Academy. Tunkhannock students Ashley Kwiatkowski and Courtney Mitchell represented Graphic Arts (Mr. Jan Cechak), Dan Monninger represented Auto Technology (Mr. Jimmy Switzer), and Tyler Montross represented Computer Drafting/Architecture (Mr. Scott Howell) departments of the high school.

At the conclusion of the academy the students formed two or three person teams with the purpose of developing a business solution to a real world situation. The seven teams then presented their solutions using posters and PowerPoint to a panel of judges, staff of LCCC, and their families. At the end of the evening the winning team was announced and awards presented. The TAHS team of Dan Monninger and Tyler Montross were declared the winners from the extremely well prepared field of competitors.

Congratulations to all of our participants and their teachers.

Left to Right: Ashley Kwiatkowski, Courtney Mitchell, Dan Monninger, and Tyler Montross.
