

December 10, 2009

Dear Families,

It seems as if I have been waiting forever to become your next principal. Three interviews and completing my responsibilities with the Lakeland School District have stretched over many weeks. But, this week, I finally walked through the doors of our school.

I am so excited about the opportunity I've been given to work with your children, the faculty and staff who serve them daily, and you, their parents. Having raised two children of my own, Corey and Amy, I fully realize the importance of a strong connection between the school community and the families who entrust their children to us every day. It is the strength of our partnerships that will play a major role in the successful future we all want for our children. By working together, with children at the center of our efforts, we can provide learning experiences that will form a sound foundation upon which they can learn and grow to the maximum degree possible.

Over the past several weeks I have learned about many of the positive and productive practices and activities that are in place from Mr. Mulhern. Over the coming weeks, I plan to acquaint myself with the daily structure, the students, and everyone else who contributes to making this school a very special place.

I am thrilled to once again be a part of the Tunkhannock Area School District! If I can be of any help to you, please feel free to contact me. I'll be looking forward to meeting you.

Respectfully,

Susan Bugno
Principal
