

Parents and Students:

Please take a moment to read this correspondence as it contains several updates and information pertaining to our efforts to provide learning opportunities to students.

ELECTIVES and SPECIALS

Effective today, all high school core electives are available. The remaining high school electives will be released by Thursday, April 23, 2020. Beginning today, all K-7 specials teachers included activities for student in grade level newsletters.

THIRD MARKING PERIOD

In order to more fairly close out the third marking period, students will have until May 1, 2020 to submit any missing assignments due prior to the March 13 closure. Missing assignments can be submitted electronically by sending documents, files or pictures via teacher email. Completed assignments can also be deposited in drop boxes located at the high school. This work will be graded and entered into the third marking period calculation.

FUSION C3 students should log back into their online classes and complete missing assignments.

Students should continue to work on review and enrichment activities on the Edmentum platform.

At this point in time, we will continue to provide enrichment and review activities for students. We are not recording grades currently, nor are we mandating participation. New guidance from the Department of Education, however, indicates that we are expected to move in that direction, and TASD is ready to do so. I encourage you to participate in the work currently being provided as it familiarizes students with the platform and it helps you establish a routine in your child's day. When the time comes to transition to Planned Instruction, your child will be prepared to seamlessly make the switch. It is coming. Stay tuned and stay safe.

Heather

Other Reminders:

Tuesday, April 21, 2020: Children's Produce Market drive-by food distribution for pre-registered families will be at the high school from 4pm to 6pm.

Thursday, April 23, 2020: Third distribution of chrome books and iPads at the high school from 4pm to 6pm. Use the link below to request a device if you currently have no available technology at home:
