To All Parents/Guardians of TASD Students:

Health Alert

This notice is to inform you of a diagnosed case of mumps in our school district. The diagnosis was made over the holiday break. We have collaborated with the Pennsylvania Department of Health and reviewed with them the information we received regarding the onset of symptoms. Per that discussion, we feel the risk of exposure to your students is limited.

We felt it important to notify families and provide you with pertinent information regarding this illness. Please see the fact sheet on our website (www.tasd.net) and monitor your children for symptoms. If you have any questions or concerns please contact your primary care provider.

Heather McPherson

Superintendent
