

**Job Start 101**

The Job Start 101 course consists of a series of video modules based on information from hundreds of employers that were asked what skills graduates are missing before they start their first jobs. This site provides smart tips and real world training to help students prepare for employment success after high school.

**PA CareerLink®**

The PA CareerLink® is an online tool designed to connect job seekers with employers. Students can get career assistance, search for job openings through Job Gateway, create and manage their resume, apply for jobs online, connect with employers, and learn more about services available through their local PA CareerLink® office.

**My Next Move**

The site provides information on hundreds of occupations, along with the job outlook and education requirements, matching them with students' personality traits and interests. Through the O'Net Interest Profiler, students can learn how their interests relate to the world of work and what types of careers they may want to explore.

**PA Workstats**

Created by the PA Center for Workforce Information Analysis (CWIA) this site provides the most up to date labor market information and publications including:

- PA Career Guide  
Whether you are a student, an educator, a first-time jobseeker, parent or a person considering a career change, you will find the Career Guide a valuable tool as you make those all-important career decisions. It contains wage and job outlook information for more than 250 occupations, interest assessments, tips for marketing yourself, sources of financial aid and contact information for Pennsylvania's public schools, PA CareerLink® offices and selected state agencies.
- PA Fast Facts  
Each of the WIA Fast Facts sections is a quick snapshot of many different labor market and economic datasets for Pennsylvania and the region. WIA Fast Facts is updated each month with the most current and relevant information available.
