**2019-20
Student Handbook**

A Message from Administration...

The faculty, support staff, and administration of Tunkhannock Area High School are committed to making the 2019-20 school year the best ever at our school. This handbook will assist students in achieving this goal by insuring all students have the essential information and organizational tools necessary for high school success. We issue a handbook to each student free of charge and it is the responsibility of every student to maintain it in good order throughout the school year.

Each handbook contains the basic policies and procedures of the high school most useful to students and parents. Also included is a personal planner allowing students to record important daily, weekly, and monthly responsibilities. A critical component of success at all levels is the degree individuals maintain effective organizational skills. We strongly encourage students to use their personal planners every day.

Our student handbooks contain important directories and academic resources in the areas of writing, spelling, math, science, and geography. They also provide helpful tips in developing the habits essential for maximum performance in all areas of life. A career development section is also included to help with future planning.

Please again note that handbooks are issued by the school to each student and must not be defaced or damaged in any way. Lost or damaged handbooks must be replaced at the cost of \$5.00. Each handbook is a valuable resource – protect it, maintain it, and use it!

We wish all our students an enjoyable, meaningful, and productive 2019-2020 school year.

Tunkhannock Area High School Administration

****IMPORTANT NOTICES****

The following information is provided to students and parents regarding confidentiality, non-discriminatory practices, and the availability of special education services.

CONFIDENTIALITY

All information gathered about students is subject to the confidentiality provisions contained in federal and state law. The Tunkhannock Area School District has policies and procedures in effect governing the collection, maintenance, destruction and disclosure to third parties of this information. For information about these policies and procedures, as well as rights of confidentiality and access to educational records you may contact, in writing, your child's guidance counselor or building principal.

SPECIAL EDUCATION AND RELATED SERVICES

In compliance with state and federal law, notice is hereby given by the Tunkhannock Area School District that it conducts ongoing identification activities as a part of its school program for the purpose of identifying students who may be in need of special education and related services. If your child is identified by the Tunkhannock Area School District as possibly in need of such services, you will be notified of applicable procedures. Individualized services and programs are available for children who are determined to need specially designed instruction due to the following conditions:

1. Autism/pervasive development disorder
2. Blindness or visual impairment
3. Deafness or hearing impairment
4. Developmental delay
5. Mentally gifted
6. Intellectual Disability
7. Multi-handicapped
8. Neurological impairment
9. Other health impairments
10. Physical disability
11. Serious emotional disturbance
12. Specific learning disability
13. Speech and language impairment

If you believe that your school-age child may be in need of special education services and related programs, screening and evaluation processes designed to assess the needs of child and his/her eligibility are available to you at no cost, upon written request. You may request screening and evaluation at any time, whether or not your child is enrolled in the district's public school program. Requests for evaluation and screening are to be made in writing to: the school counselor at the building your child attends/would attend if he/she were school age or to the Director of Special Education, Mrs. Mary Beatty, at 836-8266 or 836-8213.

In compliance with state and federal law, the Tunkhannock Area School District will provide to each protected handicapped student without discrimination or cost to the student's family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extra-curricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student, the child must be of school age with a physical or mental disability that substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for "protected handicapped students" are distinct from those applicable to all eligible or

exceptional students enrolled (or seeking enrollment) in special education programs.

EQUAL OPPORTUNITY/DISCRIMINATION

The Tunkhannock Area School District does not discriminate in its educational programs, activities, or employment practices based on race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, union membership, or any other legally protected category. Announcement of this policy is in accordance with state law including the Pennsylvania Human Relations Act and federal law, including Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation of 1973, the Age Discrimination in Employment Act of 1967, and the Americans with Disabilities Act of 1990. For information regarding civil rights grievance procedures, contact the central administrative offices.

ACTIVITY PERIOD

An activity period is made available to students to allow extracurricular clubs and groups to meet during the school day. Activity periods will be scheduled each week according to the Activity Day Schedule. A list of activities will be made available to students at the beginning of the school year. Students are strongly encouraged to join a club or group to enhance their school experience. Students who are not members of clubs or groups that meet during activity periods will remain in their assigned areas. Guidelines for activity period will be made available to students and must be followed for students to remain eligible for membership in school clubs and activities.

ATHLETIC PARTICIPATION

Students are encouraged to participate in the many extra-curricular sports programs available at TAHS. Participation in athletics is a privilege and therefore is subject to the rules and regulations of each individual sport. In addition, all student-athletes must adhere to the school expectations for behavior, attendance, and academic performance. In order to be eligible to participate in interscholastic athletics, all students and parents/guardians must read and sign the **General Athletic/Extra Curricular Rules and Guidelines**. The information below explains some of the most important features of the General Athletic/Extra Curricular Rules and Guidelines as adopted by the school board on March 22, 2007. It is important to note that all student athletes are subject to the Pennsylvania Interscholastic Athletic Association (PIAA) rules and guidelines while participating PIAA

Sanctioned Sports. Tunkhannock Area School District complies with all PIAA regulations, guidelines, and procedures.

NOTE: Game bags for in-season sports must be stored in team rooms at the beginning of the school day.

Academic Performance

A student-athlete must meet the requirements of the PIAA regarding eligibility to participate in any practice and/or event. The student-athlete must be passing at least four full-credit subjects, or the equivalent (a student-athlete who has passed subjects which total at least four credits). Eligibility will be reported on a weekly basis and will be cumulative from the beginning of a grading period. If the student-athlete's grades do not meet the PIAA requirements as of any Friday, that student-athlete will be ineligible from the immediately following Sunday through Saturday. If a student-athlete does not meet the eligibility requirements of the PIAA at the end of a grading period, that student-athlete will become ineligible for 15 school days of the next grading period, beginning on the first day report cards are issued.

Attendance

Students must maintain regular attendance to be eligible to participate in school-sponsored athletic programs. Students must be in attendance for a full day in order to be eligible to participate in that day's practice, meeting, event, performance, activity, or game. Students who are late to school (prior to 10:30 a.m.) must have a legitimate and legal excuse. Students arriving after 10:30 a.m. will not be eligible for participation unless substantive proof is submitted to administration regarding a doctor's appointment or other emergency condition.

Pursuant to PIAA regulations, a student who has been absent from school during a semester for a total of twenty (20) or more school days, shall not be eligible to participate in any inter-school practice, scrimmage, or athletic contest until he/she has been in attendance for a total of forty-five (45) school days following the student's twentieth (20th) day of absence. This may be waived by the district committee where there is a consecutive absence of five (5) or more school days due to confining illness, injury, or quarantine. Attendance at summer school does not count toward the forty-five (45) days required.

Behavior

Students must maintain appropriate and acceptable behavior while participating in extra-curricular programs at TAHS. Sportsmanship must be exhibited at all times, and respect for coaches, fellow team members, officials, and opposing teams is expected through the duration of sports seasons. Students who do not adhere to these behavior guidelines may be subject to sanctions, discipline, or removal from the team.

- Students who are assigned an out-of-school (OSS) suspension are ineligible to participate in extracurricular activities on the day(s) of their suspension assignment. Students who are assigned OSS on a Friday are ineligible to participate on the following Saturday and Sunday.
- Students must complete assigned detentions or suspensions. Failure to do so will result in ineligibility until detention or suspension hours are fulfilled.
- Any Level III offense that results in an expulsion of more than ten (10) days will cause the student to miss the remainder of that sports season or extracurricular activity. In the absence of a defined season or time period, the student will again be eligible to participate (90) calendar days after the last day of the suspension or expulsion.

IMPORTANT: Students are subject to the standards and expectations for behavior set forth in the General Athletic/Extra-Curricular Rules and Regulations of the Tunkhannock Area School District. A signed copy of these rules and regulations must be submitted by every student participating in athletics and extra-curricular activities.

Junior High Sports Eligibility (8th Grade)

An eligibility list will be formulated each week. Any student who is failing two or more subjects cannot participate in his or her designed sport for the week. Students will also not be permitted to participate in practice, dress in uniform or travel with the team to main event(s) for the probationary period. The students may choose to attend the event(s), but take the role of a spectator (PIAA).

ATTENDANCE

Overview

Enrolled students until age 17 are required under Pennsylvania’s compulsory laws to attend an approved educational institution, unless legally excused. Student and parents/guardians bear responsibility to ensure regular attendance in school, and that student absences are both excused and lawful. TASD policy identifies the following reasons for lawful and excused absences:

- 1) illness (limit 10 days without a doctor’s note)
- 2) required court appearance
- 3) death in the family or near relative
- 4) approved family/education trips
- 5) religious holiday
- 6) impassable roads
- 7) college/post-secondary visits

The following are examples of situations that would constitute an **unexcused and/or unlawful reason for missing school:**

- 1) employment (unless an approved co-op program)
- 2) unapproved trips or vacations
- 3) hunting or fishing
- 4) oversleeping
- 5) vehicle problems
- 6) failure to complete school assignments
- 7) absences not excused by a medical doctor after 10 days of absence in a school year
- 8) shopping
- 9) visiting relatives
- 10) missing the bus
- 11) preparing for the prom or other social functions
- 12) previous day or evening athletic or activity event

Unexcused Absences

Students who are absent for whole or part of the school day for reasons other than those identified as approved by the TASD will be recorded as “unexcused” and “unlawful” if under 17 years of age. Parents of students under the age of 17 face legal action in magisterial court in cases of unexcused absences. Students may also face personal legal action for such absences when under 17. Parents and students found guilty of violating attendance laws in Pennsylvania face fines, community service, mandatory counseling, and/or revocation of driver’s license. Additionally, students 17 years of age or older may face school disciplinary action for unexcused absences.

IMPORTANT NOTICE: Any student found to have committed an unexcused or unlawful absence will not receive credit for the academic work missed on the day of said absence, nor will they be permitted to make up work missed for any day deemed unexcused or unlawful. Students will be eligible for missed school work and assignments only after receipt of a legitimate excuse within the time frame established under school attendance procedures.

STUDENTS AGES 17 AND OLDER, accumulating five (5) or more unexcused absences, will receive a warning letter & will be dropped from school district roll after 10 unexcused absences.

STUDENTS UNDER AGE 17 who have accumulated three (3) or more unlawful absences will receive a warning letter. The parent & child will be required to attend a meeting with a building Administrator to develop a School Attendance Improvement Plan. This warning notice will also state that additional unexcused absence will result in the filing of truancy charges with the local magistrate.

TRUANCY PROCEEDINGS MAY BE INITIATED AFTER THE FOURTH (4) UNLAWFUL ABSENCE.

PARENTS ARE ENCOURAGED TO MONITOR THEIR STUDENTS' ABSENCES AT THE FOLLOWING WEBSITE:

www.plusportals.com/TunkhannockAreaHighSchool

Automated Call System

TASD utilizes an automated call system to notify parents/guardians when a student is absent. Contact Karin DeLancey at (570) 836-8221 to keep your personal contact information accurate and up to date.

Excuses for Absences

Immediately following a student's absence from school, a written excuse must be submitted to the attendance office. Students should provide an excuse upon returning to school following a day of absence. Excuses not received within 3 days following a student's absence will be recorded as unexcused/unlawful. Forged excuses constitute a level II offense and will result in the appropriate disciplinary assignment.

Daily Attendance Times

8:10am to 8:15am	Homeroom period. All students must be in homerooms by 8:10am.
8:10am – 10:30am	Arrival between these times is considered tardy to school
10:30am – 1:30pm	Arrival & Departure between these times is considered a half-day absence
1:30pm on...	Arrival after this time will be considered a full day of absence

Doctor or Dentist Excuse

Students who must attend a medical doctor or dentist appointment during the school day will be excused from school during the time of their visit and the time it takes to travel to and from their visit. Absences for medical doctor/dentist will not count toward a student's total number of days absent in cases of excessive absenteeism. A signed note from the medical doctor/dentist must be received at the attendance office to be credited as such. Students who wish to drive to medical/dental appointments must submit written permission from their parents/guardians.

Excessive Absenteeism

Pursuant to School Board Policy 204 and the 2015 Pennsylvania Department of Education School Attendance Improvement & Truancy Reduction Plan, the P.D.E. has directed all schools to allow a maximum of ten (10) absences before a medical excuse is required for each and every day of future absence. After ten (10) days, a failure to return a medical excuse upon return to school or within 3 school days, will result in the absence being declared unlawful/unexcused.

Late to School

Students who arrive between 8:10 a.m. and 10:30 a.m. will be considered late to school (tardy). Students who are late to school are required to submit an excuse. Penalties for unexcused tardiness to school:

First & second unexcused tardy . . . Warning by teacher

Third unexcused tardy 90 minutes - Saturday detention
(Level I Offense)

Subsequent offenses will be followed by progressive disciplinary procedures.

Leaving School Early

Students who must leave early during regular school hours must have permission from their parents. A written excuse is required. All excuses must include a parent’s contact number, date, time and transportation arrangements for the appointment. This will allow school personnel to confirm the written excuse.

Family Trips

Any parent or guardian planning to remove their child from school for the purposes of a family/educational trip must secure and complete the appropriate form from the attendance office. Requests for educational trips must be made **at least one week prior to the scheduled trip.** Approval for educational trips as excused absences will be contingent upon the purpose of the trip, the student’s attendance record, and the student’s academic and behavioral performance. Educational trips are not to exceed five (5) school days within one semester unless authorized for special circumstances. Educational trips taken without administrative approval will be considered unexcused/illegal absences. Students are responsible for completing all academic work missed during approved trip. Family/educational trips will not be approved during scheduled standardized testing days, final examination days, or the conclusion of the school year unless special authorized permission is granted.

College Visits

High school students who wish to visit a college, technical school, or make preparations for military service may do so under the following conditions:

- 1) A permission form must be obtained from the attendance office, signed, and approved prior to students using a visitation day.
- 2) Verification from relevant officials must be received upon student's return to school.
- 3) Students will be granted a total of **five (5)** visitation days throughout their high school years.
- 4) College visits will be considered excused absences.

First and Second Unlawful Absence

Student is absent (absence is considered unlawful until Tunkhannock Area School District receives a written excuse). Board policy requires excuses to be returned within three (3) days of absence, otherwise the excuse will be considered unlawful. Parent is notified by TASD of first and second unlawful absence.

Third Unlawful Absence

Parent is sent (via US Mail) third notice by TASD of unlawful absence. TASD coordinates a School Attendance Improvement Plan (SAIP) conference. The purpose of the SAIP meeting is to identify and resolve attendance issues and to offer appropriate supports. A referral is made to Wyoming County Children and Youth Agency. If there are no subsequent unlawful absences, no further action is needed.

Subsequent Unlawful Absence

If there are subsequent unlawful absences after a SAIP has been implemented, regardless of parent participation in the SAIP meeting, an additional referral will be made to Wyoming County Children and Youth Agency and a citation will be filed with the magisterial district judge. If a child continues to be unlawfully absent, TASD will file citations with the magisterial district judge and submit referrals to Wyoming County Children and Youth on a weekly basis.

Tardiness

Excessive tardiness minutes will be accumulated and considered as unlawful absences. Students chronically late to school will be referred to Wyoming County Children and Youth and the local magistrate for failure to comply with the attendance policy.

10 Day Limits

A maximum of ten days of cumulative lawful absences verified by parental notification may be permitted during a school year. For all absences beyond ten days, TASD requires an excuse from a physician.

ACTIVITY BUSES

Activity buses are provided each school day unless otherwise notified. These buses are for students who remain after school for organized school activities or for disciplinary assignments. **Students may not utilize activity buses as a means of transportation home for any other reason without special authorization from school officials.** Activity buses will depart from the front of the high school beginning at approximately 5:30 pm. Appropriate, orderly, and courteous behavior is expected at all times when waiting for the activity bus.

ADDRESS CHANGE

Students must inform the Guidance office immediately when they have changed their residency or phone number. Students and their families are expected to provide updated emergency contact information as is necessary. This information is also critical for you to receive alerts through our new phone system. * **Please make every effort to keep your information current.**

CAFETERIA

Students are expected to maintain appropriate and orderly behavior in the cafeteria. Procedures for obtaining lunches are established by the cafeteria staff and the administration and must be followed at all times. Students are not to share their Personal Identification Number (PIN) for any reason. Students who use and obtain other students' PIN numbers will face suspension and possible referral to law enforcement authorities.

Each student is responsible for making sure his or her lunch area is clean when finished, all waste disposed of properly, and all utensils and trays returned to the appropriate cafeteria window. Students will be dismissed from lunch by the supervising teachers and administrators on duty. **Misconduct in the cafeteria is strictly prohibited. Students who are disorderly will face immediate disciplinary action and potential charges will be filed with local law enforcement officials if warranted.**

It is the student's responsibility to manage their cafeteria account balance.

Pursuant to School Board Policy 808 "Should a student's account remain unpaid at the time of graduation, the student's diploma will be held in the office until the obligation is paid."

CAMERAS AND VIDEO RECORDERS

The use of cameras and video recorders of any kind (including cell phones equipped with same) is prohibited from the time students enter the building until the time they leave unless authorized to do so by administration or their designee. Penalties for misuse of cameras or video recorders will mirror those for the misuse of cell phones.

CELL PHONES

The school recognizes that cell phones offer a degree of safety for parents and students during after school hours. However, the potential for misuse of cell phones during school hours is high and therefore requires tight guidelines. Issues related to privacy, cheating, inappropriate content/communication, and overall distraction to the learning environment are very real problems schools have experienced. For these reasons and others, **students' cell phones must be stored in lockers in the "OFF" position while students are in attendance in school until 3:00p.m. or the official early dismissal time on specified days.** Students excused to leave school early may not use cell phones until they leave the building. Again, student cell phones must be turned off and must be stored in lockers if students wish to bring them for use after school. Cell phones are not to be on students' persons, in their bags or purses, or in any other place other than their lockers (or cars if a student driver) during the school day. Students are to store their cell phones in their locker immediately in the morning before homeroom. **Penalties for the use of cell phones during school hours are as follows:**

1st Offense = 90 minute Saturday Detention assigned, cell phone is confiscated & returned at the end of the day.

2nd Offense = 3 hour Saturday Detention assigned and cell phone confiscated until retrieved by parent.

3rd Offense = One day OSS assigned and student banned from possessing cell phone on school property.

Additional disciplinary actions may result when a cell phone is misused or used as a camera or video device.

CLASS RANK

Students may obtain information concerning class rank and the determination of valedictorian/salutatorian from the guidance office.

COMPUTER/INTERNET USE

The following is a copy of Board Policy 815 "Internet Use for students." All features of this policy apply to the use of computers, the school network, and/or the Internet in any form, design, device, or other manner at or associated in any way with Tunkhannock Area High School.

815. INTERNET USE FOR STUDENTS

Internet access is available to students, teachers, and staff of the Tunkhannock Area School District. We are pleased to have this resource available to the Tunkhannock Area School District and believe the Internet offers vast, diverse, and unique resources to the students, teachers, and staff. Our goal in providing this service is to enhance the educational process for a "limited-educational purpose." With the use of a browser, individuals can access thousands of educational sites. These sites include, but are not limited to, federal government, state government, universities, museums, federally funded agencies such as NASA, libraries, and private cooperation. It is now possible to incorporate this vast resource into classroom projects.

Definitions:

- CIPA - Children's Internet Protection Act (also known as H.R. 4577)
- Computer - The term "computer" includes any hardware, software, or other technology attached or connected to, installed in, or otherwise used in connection with a computer. (CIPA - 5A)
- Limited-Educational Purpose - This includes "class assignments", "career research", or "high-quality personal research activities".
- Minor - Anyone under 17 years old.
- Obscene - Section 140 of Title 18, U.S. Code
- Child Pornography - Section 2256 of Title 18, U.S. Code

It is impossible to control access to all materials available through the Internet, and an industrious user may discover controversial information. Therefore, students will browse the Internet in supervised settings, and we require parent permission for student World Wide Web access. All computer users must act in a responsible, ethical, and legal manner as they use this resource. The smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. We provide the guidelines here so that you are aware of the responsibilities you are about to acquire. This requires efficient, ethical, and legal utilization of the network resources. The signatures on the Internet and Computer Access Permission Form is (are) binding and indicate(s) the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

1. Acceptable Use

The purpose of the Internet is to provide a resource with a "limited educational purpose." The district expects the same behavior on the Internet as what is required in class, in any area in the school, on any school property, or at any school function. This includes but is not limited to:

- a. Use language that is considered appropriate.
- b. Be polite.
- c. Share information beneficial and appropriate to the educational purpose.
- d. Conform to copyright laws.
- e. Use the network in ways that will not interfere with others' use of the net work.

The following are neither acceptable nor permitted. Violators may be subject to the Discipline Code, the legal authorities or both. The list is non-inclusive.

- a. Accessing or attempting to access adult sites, hate sites, sites that promote violence, or sites that promote illegal activities.
- b. Chat rooms or any other form of direct electronic communications, (i.e. Instant Message Services) or sites for anything other than an educational purpose (i.e. no games or entertainment.)
- c. Accessing or attempting to access commercial sites, those offering products or services. The user will be held accountable and responsible for any and all costs or damages resulting from unacceptable activities.
- d. Accessing or attempting to access information regarding network or system security.
- e. Plagiarism - Using or attempting to use ideas or words of as your own.
- f. Accessing or attempting to access inappropriate material or material potentially harmful to minors. Inappropriate material includes, but is not limited to:
 1. Criminal speech and speech in the course of committing a crime, terroristic threats, instructions on breaking into computer systems, child pornography, drug dealing, purchase of alcohol, gang activities.

2. Speech that is inappropriate in an educational setting or violates district rules necessary to maintain a quality educational environment.
3. Inappropriate language, including obscene, profane, lewd, vulgar, rude, disrespectful, threatening, or inflammatory language; harassment; personal attacks, including prejudicial or discriminatory attacks; and false or defamatory material about a person or organization.
4. Dangerous information that if acted upon could cause damage or present a danger of disruption.
5. Violations of privacy that reveal personal information about others.
6. Abuse of resources such as chain letters, "spamming," and inappropriate use of District group distribution lists.
7. Copyright infringement or plagiarism.
8. Violations of personal safety, such as a student revealing personal contact information about self or engaging in communication that could place the student in personal danger. DAILY ANNOUNCEMENTS

Each day will begin with morning announcements via “Tiger Talk” that will include the Pledge of Allegiance and a moment of silence while students are in homeroom. DISCIPLINE – Code of Conduct and Responsibility

Tunkhannock Area High School is a school that insists appropriate behavior and respect for others be maintained at all times. In order to maintain a safe, orderly, and effective learning environment a set of

expectations for behavior are in place that identify penalties and sanctions for misbehavior. This set of expectations shall be known as the **Code of Conduct and Responsibility**. The sole intent for this discipline system is to minimize behaviors that impede the educational process and to deter negative behavior from reoccurring. Each student has a right to a free and appropriate education. Students have a responsibility to not interfere with that right in any way. Students must realize that all school personnel have a responsibility to identify unsafe, dangerous, or disruptive behaviors and take appropriate action within the scope of their professional duties. Teachers are especially responsible for order and control in their classrooms and the areas they supervise. Students must accept that teachers are required to respond to disruptions as part of their professional responsibilities. When a student's behavior exceeds a teacher's ability to deal with a student's behavior, administrative personnel will be engaged to address the situation.

NOTE: Students who are instructed by school personnel to report to the discipline/attendance office must do so immediately and without disrupting the education environment.

Reporting to the Office

Students referred to the principal or assistant principal or their designee must do so in a peaceful and orderly fashion. When students are sent to the discipline/attendance office they must remain calm and quiet when waiting to be seen by an administrator. Under no circumstance shall students engage office personnel in a negative or disrespectful manner. Office personnel have the authority to issue instructions to students intended to maintain safe and appropriate conditions in the office.

Assigning Disciplinary Sanctions/Penalties

Students can expect that every effort will be made to evaluate each disciplinary situation thoroughly and fairly. In order to achieve this goal, it is often necessary to conduct investigations into disciplinary matters, which can take a significant amount of time. Students are expected to remain patient throughout this process. The high school principal, assistant principal, or other designated administrator shall have the authority to assign sanctions and penalties to students subject to the rules and procedures of the high school, school district, and the student's right to due process.

After School Detention Guidelines and Procedures

Any student that has been issued a detention as a disciplinary action is required to complete that detention on a Tuesday or Thursday afternoon between the hours of 3:30 PM and 5:15 PM at the High School with a Certified Tunkhannock Area Teacher.

Detentions are issued for an hour and forty-five minute sessions. Administrative discretion may be used on a case by case basis.

In an effort to minimize scheduling conflicts and gain support of our parents, Students are given two initial opportunities to complete any assigned Detention. If a student chooses not to attend either date, the parents are contacted and the student is suspended out of school. This process is progressive in nature. Any student that continues to skip multiple detentions is subject to an increased number of days suspended.

Note: Transportation to and from detention is the responsibility of the parent/student. Late run busing is available at approximately 5:30 PM.

Levels of Disciplinary Action for Student Misconduct

A three-tiered approach will be used to categorize behaviors deemed to be disruptive or unsafe within the school setting. Herein these behaviors will be referred to as misconduct. The following are explanations of the various levels of misconduct:

Level I

Misconduct that impedes orderly classroom procedures or interferes with the operation with the school.

Level II

Misconduct that through frequency or seriousness disrupts or impedes the educational process to a high degree and that may interfere with the rights of others or be deemed dangerous or unsafe.

Level III/Category A and B

Serious misconduct that meets any or all of the following conditions: dangerous behavior that violates the rights of others; actions involving weapons, threats, drugs and alcohol; violent or reckless actions against persons or property; actions that violate federal, state, and local laws; and actions that are by their nature so serious as to be considered intolerable by the school. Level III misconduct is divided into two categories for the purpose of distinguishing the most serious of offenses (Category B).

Administrative Responses to Levels of Misconduct

Level I Administrative Action:

Level I misconduct will result in disciplinary action ranging from a warning, to a 3 day out of school suspension.

Level II Administrative Action:

Level II misconduct will result in a disciplinary action ranging from Saturday detention to a five (5) day in- or out-of-school suspension.

Level III Administrative Action/Category A:

This level of misconduct is a serious situation the school must address directly. Penalties range from three day out-of school suspensions to a ten-day out-of-school suspension. All suspensions of more than three days will include an informal hearing with the principal, assistant principal, or other designated administrator. In cases of more than three days, students and parents will be notified of the charges in writing as well as the time and place of the informal hearing. Suspended students will receive notice of the procedures and responsibilities that apply to suspensions from school.

Level III Administrative Action/Category B:

This level of misconduct requires the most severe disciplinary action(s). Students guilty of this category of misconduct will be suspended from school for ten days and may be referred to the superintendent with the recommendation for an expulsion hearing. An expulsion from school is an exclusion from the school program of more than ten days. In such cases, a formal hearing is conducted before the school board and may result in a permanent expulsion from school. Expelled students who are under 17 years of age are still required to comply with compulsory school attendance laws. Students facing expulsion will be notified in writing of their rights, the procedures of the formal hearing, and the time and place of the expulsion hearing. Law enforcement personnel will be called to respond to Level III misconduct as is necessary and required by law.

This discretionary power includes but is not limited to restricting student privileges (i.e. attendance at social and school events, school trips, parking/driving privileges, extracurricular activities etc.), assigning lunch detention, completing approved community service and participation in behavioral contracts.

Students must realize that the expectations and procedures for appropriate behavior listed within this handbook are in effect in the high school building, on any portion of the school campus or district property, on school busses, at bus stops, or in attendance at home or away activities, competitions, and special events.

All items such as those mentioned above should be secured properly or not brought to school at all. **The school assumes no responsibility for loss, stolen, or damaged items of this nature.**

EXTRA-CURRICULAR ACTIVITIES

Participation in extracurricular activities is a privilege that assumes with it a high standard of academic achievement and good behavior, both in and outside of school.

General Athletic/Extra Curricular Rules and Regulations of the Tunkhannock Area School District establish guidelines for academic performance, appropriate behavior, and attendance in order to sustain membership in school extracurricular activities, clubs, and organizations. All students participating in extracurricular activities must sign and submit the signed copy of these rules and regulations for each year of participation in said activities. This policy was updated on March 27, 2007. Highlights of this policy can be found on Page 4 under “Athletic Participation.”

Students are considered “in school” and are subject to all school rules and regulations while on a school sponsored field trip. All students who are participating in the field trip or activity must continue to participate and travel with the group until the field trip or activity is completed, and shall use the designated transportation back to their original location.

FINAL EXAMS

Final examinations are given in all courses that earn a minimum of .5 credits. Examinations are cumulative and, therefore, are designed to assess the knowledge and skills learned throughout an entire course. Although some teachers may, with permission, use certain games of chance to teach statistics or other math concepts, we cannot allow students to play these games at other less structured times of the day. For this reason, playing cards and other games of chance will not be permitted during study halls or lunch/activity periods. Students found playing cards or participating in any form of gambling may be subject to disciplinary action.

GRADE ADVANCEMENT

Students move on to the next grade level after successfully completing the number of credits necessary to retain standard high school schedules in each successive year of high school. This standard is based on students earning at least 12 credits by the end of their 10th grade year. Each student's grade level status will be evaluated on a case-by-case basis beginning the end of their 9th grade year. Information related to credit requirements can be found under "Graduation Requirements."

GRADING SYSTEM

The grading system as described in this section is to be used by all teachers in grades nine through twelve inclusive. Reports cards are issued every nine (9) weeks. Pupils are graded on a numerical system according to the following:

Criteria

93-100	Excellent
85- 92	Above Average
78- 84	Average
70-77	Below Average
Below 70	Failing

Pass/Fail Codes

The following codes are used for courses that are rated Pass/Fail:
Medical (PE courses only)
Pass
Fail

Computation of Final Grades

Final grades for full-year courses (1 credit) are computed as follows:

- The sum of four nine-week quarter grades plus the final exam divided by five (5) equals the final grade.

Final grades for semester courses (1 credit) are computed as follows:

- The sum of two times both quarter grades plus the final exam grade divided by five (5) equals the final grade.

Final grades for nine-week courses (1/2 credit) are computed as follows:

- The sum of two times the quarter grade plus 1/2 the final exam grade divided by 2.5 equals the final grade.

Class Rank

A student's class rank or class standing is determined at the end of each academic year. Rank is cumulative beginning with grade nine (9) and continuing through grade twelve (12) and is computed from a student numerical average. This is calculated by adding the weighted numerical equivalents of a student's percentage and dividing by the number of credits carried. Students are encouraged to maintain or improve their academic level. Subjects that are not used in compiling class rank are as follows: (1) Physical Education, (2) Health/Family Life, (3) Creative Living, (4) Technology Basics, (5) Music Appreciation.

Weighted Grades

Honors courses will receive an additional 4% when computing Honor Roll, Class Rank, and GPA. AP courses will be computed with an additional 5%.

Students must earn an average of 6.5 credits per year in order to graduate after 4 years.

Graduation and Career Planning Project

Satisfactory completion of a graduation project is required as a condition of graduation. Students will be informed of the procedures and guidelines governing the graduation project beginning in their 9th grade Career Exploration class. The Graduation project will be project-based and completed within the Career Exploration and Career Planning classes. Community Service hours will be explained during this process.

SCHOOL COUNSELING DEPARTMENT

The School Counseling Department consists of three counselors who are assigned to students based on an alphabetic breakdown of students' last names. School counselors assist students in effectively managing personal and social issues that interfere with academic performance, the development of schedules, and preparing for post secondary experiences. Students are strongly encouraged to maintain regular contact with their assigned counselors and to utilize the many resources that are available.

Career Planning

Career planning is an ongoing process that students must be actively engaged in throughout their high school years. Programs are sponsored by guidance personnel that expose students to career and education opportunities. A quarterly newsletter will be published and distributed to students and parents that outline important deadlines, procedures, and programs. Effective post secondary planning requires active participation and initiative on the part of students and their families. The counseling staff is available to assist students, parents and teachers between the hours of 8:00 a.m. and 3:20 p.m. Parents are encouraged to confer frequently with counselors and can be reached by telephone at 836-8273 or via email which is available on the school website: www.tasd.net.

Note: The Career Resource Lab has excellent materials designed to assist students in formulating a career objective. Students wishing to use the Career Resource Lab should contact the school counseling office for further assistance.

Schedule Changes

The procedures governing schedule changes are outlined in the Curriculum Guide. A limited time frame will be reserved for student

requests for schedule changes. All guidelines and standards for altering student schedules must be maintained to ensure equity and fairness for students. Please review the Curriculum Guide carefully when considering schedule changes. Curriculum Guides are available in the high school guidance office.

HALLWAYS

It is expected that students will exercise respect for others, themselves, and for school property at all times. This is especially important while students are in hallways during the school day. Students are expected to travel through hallways in an orderly fashion and refrain from any behavior that may disrupt, injure, threaten, or intimidate other students or school personnel in any way. School property must be protected from misuse or damage while students are in hallways, and every effort must be made to ensure lockers, displays, and approved posted materials are not altered or defaced in any way.

HALL PASSES

Students are not permitted in the halls during class periods, unless they are accompanied by a teacher or have a hall pass signed by a teacher. Teachers may issue a pass when asking students to assist with an errand or project. Students who regularly abuse their hall pass privileges will be placed on a Hall Restriction list, which will be distributed to the faculty by the administration on a regular basis. Students wishing to do classroom work under the supervision of another teacher must obtain a prearranged pass prior to requesting permission from the regularly scheduled teacher. Upon approval, the regularly scheduled teacher will utilize that pass to dismiss the student.

HAZING/ BULLYING

The Tunkhannock Area School District is committed to providing all students with the right to a safe and civil education environment, free from harassment or bullying. The school district recognizes that bullying interferes with the learning process, and may present an obstacle to the academic, vocational, and social/emotional development of students.

Hazing activities of any type are inconsistent with the educational goals of the school and district and are prohibited at all times. Hazing is defined as any activity that recklessly or intentionally endangers the mental health, physical health, or safety of a student for the purpose of initiation, membership, or affiliation of any kind. The school board directs that no administrator, teacher, coach, student, sponsor, volunteer, or district employee shall permit, condone, or tolerate any form of hazing.

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a

school setting that is severe, persistent or pervasive and has the effect of doing any of the following:

1. Substantial interference with a student's education.
2. Creation of a threatening environment.
3. Substantial disruption of the orderly operation of the school.

Bullying, as defined in this policy, includes the following:

1. **Physical** – the most commonly known form includes hitting, kicking, spitting, pushing and taking personal belongings.
2. **Verbal** – includes taunting, malicious teasing, name-calling, and making threats.
3. **Psychological or Relational** – involves spreading rumors, manipulating social relationships, and engaging in social exclusion or intimidation.
4. **Cyber-Bullying** – forms of verbal and psychological bullying may also occur on the Internet through email, instant messaging, or personal profile websites such as FaceBook. Cyber-bullying includes, but is not limited to the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another student, teacher or employee of the district by sending or posting inappropriate or derogatory email messages, instant messages, text messages, digital pictures or images, or website posting (including blogs). All forms of cyber-bullying are unacceptable and, to the extent that such actions are disruptive to the educational process of the district, offenders shall be the subject of appropriate discipline.

The term bullying and cyber-bullying shall not be interpreted to infringe upon a student's right to engage in legally protected speech or conduct.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

Consequences/Intervention

Consequences for students who bully others will be subject to disciplinary options that may include counseling, a parent/guardian conference, detention, suspension or other consequences as provided in the Code of Student Conduct.

Reprisal

Any student who retaliates against another student for reporting bullying or extortion or for assisting or testifying in the investigation or hearing may be subject to disciplinary action.

Additional information and guidelines can be accessed on our school website and as indicated by District Policy #249.

Students should immediately report incidents of hazing and/or bullying to school personnel. School district administrators will investigate all reports of hazing and/or bullying and will issue appropriate discipline to any individual who violates this policy. School administrators shall inform all parties of administrative actions.

HEALTH SERVICES

A registered nurse is on duty at Tunkhannock Area High School during each school day. The nurses' regular duties include first aid and other limited treatments. Special medical treatments may be administered under limited circumstances with written permission from a family doctor. The high school nurse and the school administrators are responsible for developing the procedures and rules of the health office. These procedures are intended to enhance the services offered to students and so must be followed closely.

Injuries:

Pupils who are injured being transported to and from school during the school day in any school activity or on school trips sponsored by the district (no matter how minor the injury may be) should notify the responsible teacher, the nurse, or their homeroom teacher at once. Every teacher or homeroom teacher is responsible for submitting to the principal and the school nurse a report of injury that has occurred to any pupil under his direction or supervision.

Medication:

The Tunkhannock Area High School Administration realizes that there are circumstances that require students to continue the use of prescription medication during the regular school day. Students and parents must adhere to the following procedures if the need arises to administer prescriptions or medications. Aspirin, aspirin products, and over-the-counter medications are involved in these procedures and regulations.

1. All medication must be brought to school by parent/guardian in a container or package appropriately labeled by the physician or pharmacy and delivered to the school nurse.
2. All written documentation by the physician and the parent/guardian shall be kept on file the health office.
3. Parent(s) must annually send written permission signed, for the school nurse to administer non-prescription medications.
4. Medication no longer needed to be administered at the school shall be picked up by the parent/guardian. Medications left

- at school will be discarded. Medications will not be kept over the summer.
5. Students with life-threatening disorders will be allowed to Carry their inhalers and/or epi-pen with written documentation from the family physician given to the school nurse annually. All documentation will be kept on file in the health office.
 6. Since medicine will not be given back to the student, parents/guardians must use judgment when considering the length of the prescription. If the prescription is to continue when the student is at home it may be necessary to divide the prescription appropriately keeping in mind that the school must have the prescription's original container. Any remaining medication must be secured by a parent/guardian or it will be destroyed.

Any student who is in possession of prescription medication while on TASD property is in violation of TASD Policy #227, the violation is a Level III offense which carries a consequence of up to a ten-day suspension and possibly expulsion from the Tunkhannock Area School District. If a student is inadvertently in possession of any prescription or "over-the-counter" drug, the drug should be brought to the high school principal or assistant principal immediately. This course of action will not necessarily exonerate the student from disciplinary action but would demonstrate that the student is not attempting to conceal the drug. Administration will determine the appropriate course of action in such circumstances.

WITHDRAWAL FROM SCHOOL

When the student moves from the district or leaves school for any reason, he should report to the guidance counselor's office at least one (1) day or more in advance of the last day of attendance with a note from his parents. The note should state the reason for leaving the school and the address of the new residence. It will be necessary for the student to

complete all of his school obligations such as the return of all books, repayment of fines, and cleaning out of lockers. It is also necessary to complete office records and to prepare transfer and permissions for the release of records that will accompany the student. A transcript will be forwarded to the new school district upon request from that school.

NOTE: Students expressing a desire to withdraw from school must have a meeting with the high school principal before the process of withdrawing can be completed.

However, the entire employment procedure is governed by the state, and at age 14, the number of employment opportunities are limited. In accordance with law, a student must be 16 years of age in order to secure permanent working papers and leave school. Prior to the preparation of working papers, a parent/principal or assistant principal conference may be held to insure that the parents are in agreement and fully understand this new situation. BEFORE WORKING PAPERS CAN BE ISSUED, A PARENT MUST APPEAR IN PERSON TO SIGN THE APPLICATION. (THIS IS A LEGAL REQUIREMENT OF THE STATE OF PENNSYLVANIA).
